ULTRA-MAX LINE OF GRIDDLES

MAXIMUM-DUTY CONSTRUCTION

- Ultra-Max ultra-thick 1” griddle plate offers optimal heat distribution, retention, and energy-efficient cooking consistency
- Cool-to-the-touch technology for comfort + safety. Ultra-Max griddles are designed to keep heat away from hands and protect the controls
- Mechanical snap-action thermostat option means no power required
- Variety of temperature control options, available in gas or electric
- Available in 24”, 36”, 48”, 60” and 72” widths
- Ultra-smooth chrome option
- 2 Year parts and labor warranty
