

HIBIT

display fitting, QPAR51, silver-grey, max. 75W

Rotating and pivoting high-voltage display light HIBIT. The curved side arm of the aluminium lamp has a lamp head with a GU10 base. This makes the light suitable for use with LED, energy-saving and halogen bulbs of different diameters. The light can be installed using one of the two display clamps included in the delivery contents. The electrical connection is provided by the supply line, which can be connected directly to 230V mains voltage. Dekorings of various diameters are available as accessories for attaching to the lamp. This light is suitable for bulbs with an energy class rating of E - A++
