

NAILS

outdoor floor stand, QT14, IP44, stainless steel 304, Ø/H 4.5/30.5 cm, max. 40W

Manufactured from stainless-steel, the NAILS floor stand offers a special appearance of the illuminated area by combining frosted and transparent glass. The interleaved glasses are covered by a stainless steel cap. Thanks to its IP44 protection class, the luminaire is suitable for outdoor use. An earth spike is available as an option for simplified installation. The electrical connection is made directly to the 230V mains supply. The NAILS series also includes wall lights as well as spike luminaires and can therefore be used universally.
