

LELEX 1

recessed fitting, LED, 3000K, square, brushed aluminium

The LELEX 1 recessed fitting impresses with its low installation depth and it is therefore ideal for use cabinets and other furniture items. Three long lasting LED diodes with an output of 1W each provide the necessary light intensity and are available in either pure or warm white light colour. A suitable constant current driver providing 350mA is required to operate the recessed fitting. This luminaire contains built-in LED lamps.
