

CONTONE

recessed fitting, LED, 2000-3000K, square, white, tilt-able, 13W, including leaf springs

With the CONTONE recessed ceiling light you can set the lighting mood however you desire. When dimming the built-in premium COB LED module, the colour of light changes from 3000K to 2000K, which is the same effect as when dimming a filament lamp. The electrical connection is made directly to the 230V mains supply thanks to the built-in LED driver.
