

## DIO FLEX PLUG

wall light, energy saving lamp GX53, chrome/white, max. 13W

Adjustable display luminaire of the DIO FLEX PLUG series where adapter and lamp head are connected via a flexible arm. A special feature of the series is the installation by simply plugging into suitable wall sockets. The incorporated GX53 socket and pre-installed switch make it suitable for many different applications. The luminaire is connected directly to the 230V mains supply. We alternatively offer versions with GU10 socket and for LED.
