

3~ ONE 40 TRACK DALI I

3 phase system light black 3000K

All all-round winner for representative spaces, which can be aligned in many room dimensions using the high-voltage 3-circuit track system: the new light from the ONE family are subtle yet modern, and will now be the centre of attention in the 3-circuit tracks. At the same time, it is low-maintenance and offers an expected lifespan of up to 30,000 hours, making it ideal not just for the hotel and catering industry but also for stylishly furnished shops thanks to the high colour rendering index (CRI<90). The colour temperature (3000/4000K) of this DALI dimmable and indirectly radiating light can be set with just one click of the CCT switch.;
