

PURISA E27

Indoor surface-mounted wall light white

The semicircular 240V PURISA WL surface mounted wall light, which is available with frosted glass, was developed for indoor use and the use of commercially available E27 energy-saving lamps as well as LED retrofit lamps. The clear pattern of the lamp shade with ornate reinforcing elements produces a harmonious overall picture with homogeneous and glare-free lighting of the lamp shade at the same time. The PURISA WL wall light is supplied ready for direct connection to a 230V mains power supply.
