

NAILS

outdoor wall light, QT14, IP44, stainless steel 304, max. 40W

Manufactured from stainless-steel, the wall light NAILS offers a special appearance of the illuminated area by combining frosted and transparent glass. The interleaved glasses are covered by a stainless steel cap. Thanks to its IP44 protection class, the luminaire is suitable for outdoor use. The electrical connection is made directly to the 230V mains supply. The NAILS series also includes floor stands as well as spike luminaires and can therefore be used universally.
