

AENEAL WALL

T32-R, white/chrome, max. 40 W

The extensive high-voltage wall light AENEAL WALL is made from high-quality materials, ensuring homogeneous illumination attributes of the used T8 ring tube. A smaller, round cover made from chromed steel sets a neat contrast with high recognition value. Thanks to the already incorporated electronic ballast, AENEAL WALL wall light is ready for direct connection to 230V mains supply.
