

Range 44 CE - Surface-mounting watertight junction boxes in compliance with ANSI/UL 50 and made in high-performance technopolymers. The range includes IP56 with smooth walls, plain, screw (GWT 960°C).

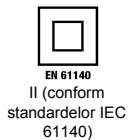

Clasă izolație	II (conform standardelor IEC 61140)	Culoare	Gri RAL 7035
Clasă de protecție IP	IP56	Material	Tehnopolimer GWPLAST 75
Cod IK	IK08	Dim. interioare LxHxD (mm)	190x140x70
Ø max orificii executabile	37 mm	Șuruburi capac (nr. și tip)	4 pivotante și sigilabile
Aplicație	Utilizări speciale	Glow Test conductori	960 °C
Capac	Plat	Temperatură de operare	-25 +50 °C
Electrocod	02211	Termo-presiune cu bilă	75 °C
Cuplu strângere șuruburi	1.8 Newton/metru	Pereți	Neted
Accesorii pentru restabilirea izolației	GW44621, GW44622
