

## Prelungire racord ramificat x250 3P

HYB011H

### Arhitectura

|               |     |
|---------------|-----|
| Numar de poli | 3 P |
|---------------|-----|

### Putere

|                                                      |       |
|------------------------------------------------------|-------|
| Putere disipata per pol                              | 0,8 W |
| Putere disipata totala în conditii de curent nominal | 2,4 W |

### Standarde

|                                    |                        |
|------------------------------------|------------------------|
| Conform directivelor europene RoHs | conformitate voluntara |
| Conform directivelor europene WEEE | afectat                |

### Protectie

|                     |      |
|---------------------|------|
| Tip de protectie IP | IP4X |
|---------------------|------|

### Conditii de utilizare

|                                                 |        |
|-------------------------------------------------|--------|
| Grad de poluare conform IEC 60664 / IEC 60947-2 | 3      |
| Altitudine                                      | 2000 m |
