

|   |                |                   |
|---|----------------|-------------------|
| SPD classification according to EN 61643-11                         |                | Type 2            |
| SPD classification according to IEC 61643-11                        |                | Class II          |
| Nominal operating voltage   | Un             | 230/400VAC        |
| Max. continuous operating voltage                                   | Uc             | 275VAC            |
| Max. continuous operating voltage [N-PE]                            | Uc             | 255VAC            |
| Nominal discharge current (8/20μs)                                  | In             | 40kA              |
| Max. discharge current (8/20μs)                                     | Imax           | 70kA              |
| Voltage protection level (max.)                                     | Up             | ≤ 1.7kV           |
| Voltage protection level 5kA  | Up             | ≤ 0.9kV           |
| Voltage protection level [N-PE]                                     | Up             | ≤ 1.5kV           |
| Follow current extinguishing capability [N-PE] a.c. I <sub>fi</sub> |                | 100Arms           |
| Max. backup fuse  |                | 200A gG           |
| Response time   | t <sub>A</sub> | ≤ 25ns            |
| Response time [N-PE]  | t <sub>A</sub> | ≤ 100ns           |
| Operating temperature range   | T <sub>u</sub> | -40°C-80°C        |
| Operating state/fault indication                                    |                | green/red         |
| Cross-section area (Min.)   |                | 4mm <sup>2</sup>  |
| Cross-section area (Max.)   |                | 35mm <sup>2</sup> |
| For mounting on   |                | 35mm DIN rail     |
| Enclosure material  |                | UL94-V0           |
