

CE6321	DATA SHEET
Valid from: 15.12.2020	RJ45 Connector TM11 Hirose w 5,8mm boot

Description

- Hirose TM11 RJ45 plug STP
- Cat.5e shielded
- Confirm to RoHS

General characteristics

Temperature range (operation) -25 °C to 60 °C (-13 °F to 140 °F)

Mechanical characteristics

Mating cycles (min.) 750
Cable sheath diameter (max.) 5.8 mm

Electrical characteristics

Rated voltage 125 V AC
Rated current 500 mA

Standard

Connectors for el. Equipment – Part 7-3 IEC 60603-7-3
Information technology – Generic cabling for ISO/IEC 11801
customer premises
