The Brand of Electricity

LED STRIP 300 RGBW

TECHNICAL SPECIFICATION

LED STRIPS

ELMARK[®]

The Brand of Electricity

Technical data:

- Rated voltage: DC12V
- Power consumption: 14.4W/m
- Number of LEDs: 60pcs/m
- Colour of light: RGB+WHITE
- LED type: SMD5050
- Light source: Epistar Taiwan
- Length: 5m/reel
- Beam angle: 120°
- Average lifetime: 30 000h
- Protection against dust and moisture: IP20

Features:

- R-G-B-W 4 chips integrated in one 5050 SMD LED.
- Flexible & easy installation
- Low energy consumption
- Mercury free
- Correct operation even at low temperature
- Instant-on light
- Long lifetime

Area of application:

- Architectural decorative lighting
- Path & Contour Marking
- Auditorium walkway lighting
- Stairway accent lighting
- Backlighting for signage letters
- Indoor lighting and signs
