sense and simplicity

# Highlights

## Reading light

myBuddy is great for soothing bedtime stories that help children to fall asleep. The diffused warm white light of myBuddy is gentle and provides the perfect light output for good visibility while reading.

When the sun shines on myBuddy's belly, it's time to play!

## Fun and easy on/off switch

Press the top of myBuddy's head and it lights up with a gentle warm white reading light.

## Robust design

Its design is robust and solid, making it absolutely child proof with no risk of breaking.

## Soft glowing nightlight

After storytime is over, a gently glowing moon nightlight indicates that it's time for children to sleep, and is a familiar and comforting sight if your child wakes during the night. In early years, it's also a helpful orientation light when checking on your child at night or to create a cosy, soothing atmosphere while feeding or comforting your child.

## Easy morning light set-up

An intuitive back panel with selection wheel and digital clock makes it extremely easy to set up the various functionalities of myBuddy. You can select only moonlight, moon and sun, or only sun in the morning. To activate the morning light, simply set the time when you want the sun to appear.

## High quality LED light

myBuddy has an extremely low power consumption of only 2 x 1 W, while providing a high light output (140 Lumen) at the same time. With a light temperature of 2700 Kelvin, myBuddy provides gentle and soothing warm white light.

## Morning light

Young children often don't know when they're allowed to come out of bed. The sun on myBuddy's belly tells them when the day can start. By using the simple symbols of sun and moon, your child learns the difference between day and night in a playful manner.

## Child-friendly

myBuddy is completely safe for children too, because he is made from child-friendly materials and uses LED light, which is always cool to touch.

## Energy saving

The LED technology used in myBuddy has a long-lasting lifetime of at least 20,000 hours. Using only a few watts of power, myBuddy is, therefore, an extremely energy efficient reading, night and morning light.

# Specifications

## Design and finishing

- Material: synthetics
- Colour: pink

## Product dimensions and weight

- Height: 18.4 cm
- Length: 16.1 cm
- Width: 14.7 cm
- Net weight: 0.540 kg

## Technical specifications

- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: PowerLED, Safety Extra Low Voltage
- Number of bulbs: 2
- Wattage bulb included: 1.2 W
- Maximum wattage replacement bulb: 1.2 W
- Light colour: 2700K warm white
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 120°
- Bulb technology 2: PowerLED, Safety Extra Low Voltage
- Number of bulbs 2: 1

- Wattage bulb included 2: 0.01 W
- Maximum wattage replacement bulb 2: 0.01 W
- Light colour 2: 3000K warm white
- Lamp lifetime up to 2: 20,000 hrs
- Beam angle 2: 120°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: III — safe extra low voltage

## Service

- Warranty: 2 year(s)

## Packaging dimensions and weight

- Height: 25.4 cm
- Length: 19.3 cm
- Width: 19.3 cm
- Weight: 1.126 kg

## Miscellaneous

- Especially designed for: Kids' room
- Style: Expressive
- Type: Table lamp
