

PRODUCT INFORMATION SHEET

Steel-mesh face protection

Product description

Steel-mesh face protection secures against solid chippings generated during metalworking, woodworking, and plastic processing. Used in light industry and gardening.

Characteristics

- meets the requirements of EN-1731-S, EN-166-B;
- meshes provide proper ventilation, which is particularly useful in high temperatures in the summer;
- ensures high light transmission;
- optimum mesh length facilitates free bending of the head, without leaning against the chest;
- simple in use;
- lightweight.

Compatible with Högert Technik HT5K180, HT5K181, HT5K182, and HT5K183 protective helmets, Högert Technik HT5K030, HT5K033, and HT5K185 face protection accessories, and Högert Technik HT5K179 hearing protection accessories.
