Tender Text

Adapter, for 45° bracket arrangement on concrete girders, including fastening accessories for mounting the bracket on the adapter, please order required fastening accessories on concrete girders, such as 2 x dowels/plug-through anchors (taking into account the current dowel approvals in coordination with the site management) separately. In general, the brackets must be attached to the adapters first! For the 45° adapters, the length of the required brackets depends on the local conditions and the fittings to be used. The load capacity specifications of the brackets to be used apply.

Used for : suspended and wall brackets KTCL..., KTAC..., KTAL..., KTAFL..., KTAM..., KTA...
