WI-FI PLUG-IN GAS DETECTOR, TUYA SMART

APP Remote Control   Voice Prompt >70db   Light and Sound Alarm   Fault Self Test

This product is a smart flammable gas alarm, which is used to detect leakage of flammable gas and prevent the harm caused by gas leakage. This alarm uses high stability semiconductor gas sensor with small sensitivity drift. When a flammable gas leak is detected and the concentration value set by the alarm is reached, the alarm will send an alarm signal. This product is used indoor where leakage may occur, such as kitchens.
