

G4 Combat Pant - 302 - Male

MATERIAL SPECS: 185 g/m2 VTX Ripstop Stretch NyCo

The G4 Combat Pant is designed for high intensity tactical situations and features lightweight, durable, stretch VTX Ripstop fabric. The pant has an adjustable padded waist that is lined with moisture wicking material that absorbs sweat from the body and dries quickly. Front thigh pockets are optimized for carrying mobile devices. A dedicated knife holder is included with a reinforced opening. There is an integrated knee pad pocket in the leg for use with the Airflex Combat Knee Pad to protect against rocks, terrain and hazards. Velcro tabs behind the knee pad allow for horizontal adjustment, and a shock cord is accessible through the front thigh pocket for vertical adjustment.
