

G4 Field pant - 300 - Male

MATERIAL SPECS: 185 g/m2 VTX Ripstop Stretch NyCo

The G4 Field Pant is a versatile garment designed to be worn for tactical operations, patrolling, and administrative duties. It is constructed of lightweight, stretch VTX Ripstop fabric made with durable Cordura® nylon fibers. The pant features an adjustable waist that is lined with moisture wicking material. Front thigh pockets are optimized for carrying mobile devices. A dedicated knife holder is included with a reinforced opening. There is an internal knee pad pocket in the leg for use with the removable Airflex Field Knee Pad which protects against rocks, terrain and hazards.
