

Genesis 44

1. How do Joseph's brothers express or demonstrate their repentance about their past wrongdoing against their younger brother? What are the essential components of genuine repentance?

2. Have you experienced "What goes around comes around" in your life? How does it help you live with integrity and sincerity?

3. Do we see the eclipse of sacrifice in family, marriage, relationship, church life, etc. nowadays? What sacrifice have you been making for your family and church family? In what areas, do you think you should make some sacrifice for others?

4. Why is family unity important or, sometimes, difficult? How best can it be achieved? In your opinion, is BEFC united enough for God's glory and mission? How do you think BEFC can achieve a higher level of unity?
