

1. What are some challenges for people with disabilities? What did the disciples of Jesus attribute the blind man's disability to (v.2)? Jesus (v.3)?

2. What were the responses to the healing of the blind man (neighbors/bystanders [vv.8-10], parents [vv.18-23] and the Pharisees [vv.16; 24]? Why?

3. How did the blind man address Jesus over time (v.11, 17, 38)? What made him change the way he "saw" Jesus? How should we do likewise?
