

# 1 JOHN 5: 1-12

1. In 1 John 5:1-3, John points to obedience of God's commands as proof of our love for others (especially fellow believers). Why is obedience to God so crucial to our ability to love others?

2. We have often heard the saying in Christian circles that we must be "born again". But how does that look like? How do we know that we are truly "born again", or as John puts it, "born of God"? (See 1 John 5:1-5)

3. In 1 John 5:6-12, John addresses false teachings about Jesus which ignored certain aspects of Jesus. How does the world view Jesus today? How can we make sure we don't water down our understanding of who Jesus is?
