ARC Monthly Report

The committee needs new volunteers.

Spring must be coming soon, besides the big snows and up and down temps we are getting a few submissions for projects around the meadows. There is nothing major at this time, mostly replacing decks, driveways, and paint. Still getting calls on what needs a permit and that is great. A few projects in process but not requested or approved by ARC are being addressed in the Meadows. I am encouraged that more members are feeling comfortable about asking questions and not doing projects without notification because of the complexities.

Answers needed from the Board on what to do with noncompliance.

Also, would like Boards opinion on exterior updates. How do we monitor what is being done? Possible letter asking members to simply notify the office of any work that will be occurring, while not an actual request submitted.
