Willow well-house is wired and operational, but ventilation work will need to be done before the weather warms up or the new pump system will be damaged. We have the specs for this project and will be putting in a work order soon with Operations. Cooling fan and vents are on the way

- Need to acquire battery and charger for trolling motor
- We continue to improve cooperative efforts with Operations and Water Committees. This will be mutually beneficial for all aforementioned committees. There is still work to be done to facilitate better cooperation in the future.
- We will continue our efforts toward getting access to the revenue generated by sales of Fishing Badges and Boat Stickers, both directly related to Lake Health and Fishing Committee budget.
- Budget is completed for Fiscal 22/23

Donaldson Rainbows and Fathead Minnows to be stocked in all lakes Friday the 15th.
