SUPERINTENDENT’S MESSAGE

81th Annual ISF Photography Salon

Moving Ahead... That is our message for 2021. As photography salon superintendents, we are so excited to resume support for the Iowa State Fair (ISF) Photography Salon 2021. Last year (2020) was an overwhelming year for all the people of Iowa. We will remember the year (for a long time) as the “COVID 19 Pandemic” and the Iowa State Fair was cancelled.

The Iowa State Fair began resuming the photography contest and exhibit planning in May of 2021. The Iowa State Fair Staff have worked hard to support the transitioning back to normal. As you know, we carried over the theme “Shadows” knowing it would bring many unique and wonderful photos to the Iowa State Fair Photography Salon Exhibit.

We also know that the pandemic uncertainty would affect the exhibit and we prepared for fewer entries. However, as you might expect, Iowa Photographers submitted the great pictures that demonstrate the Art of Photography.

We are sure everyone will enjoy the photos on display in the exhibit and see they demonstrate the various interpretations of the theme; and we hope photographers enjoyed the challenge! We also know many of you did not enter this year with the uncertainty of the pandemic news. Therefore we wanted to be sure to invite everyone to next year’s photography contest.

The 2021 exhibit continues the traditions and display excellence in communicating concepts, emotions, or observations within the constrained space of a frame. As Co-Superintendents we remain committed to the “Art of Photography”; and wish to thank all the many photographers who entered the contest and demonstrate that art.

In closing the 2021 exhibit “would not be possible” without the support of many sponsors, advertisers, volunteers and staff. Volunteers and staff continue to support the many steps to create of the photography exhibit at the Iowa State Fair. Sponsors continue to support the prizes for each class award winners. We know you will have a great time seeing award winning photographs in the 81st Iowa State Fair Photography Salon Exhibit and Virtual Book.

Sincerely,
Pam Deichmann and Christina Young

Judith Eastburn

Judith Eastburn was born in 1944, and grew up in Burlington, Iowa. Her earliest experience with photography involved pictures taken with a box camera and printed at the drugstore. She earned a BA degree in Zoology at the University of Iowa in 1966, followed by a Master's degree in Microbiology. In addition to science courses, she began taking photography classes in the Art Department, and embarked on a lifelong fascination with seeing through her camera (at this point a 35 mm) and printing in the darkroom.

She enrolled as a part-time student in the University of Iowa Art Department, eventually earning an MA, then a Master of Fine Arts in photography. She also has a teaching certificate for K-12 Art from the University of Iowa.

Since that time, she has taught photography courses at the university level at SMSU Springfield, Richmond-upon-Thames College in England, and Grandview University, Des Moines. Her other teaching experiences range from photo classes for children 8-12 years old through high school, most recently at Dowling Catholic High School. She is now retired and enjoying the time to travel and work in the darkroom. She currently uses a medium format camera and works exclusively with black and white film, developing and printing in her darkroom.

Judith Eastburn has exhibited work since 1980, appearing in 52 juried shows and in 29 invitational exhibitions. She presently enjoys showing her work at art fairs in the midwest.

Christopher V. Sherman

Christopher V. Sherman is a commercial and fine arts photographer as well as an experienced entrepreneur. While he is perhaps best known for his aerial photography, he shoots from both the ground and the air, mostly focusing on landscapes and cityscapes. His car became his camera bag in 2018 as turned in his condo keys and donated the bulk of his belongings to charity in order to travel the United States and the world, capturing landscapes and cities near and far. Christopher's work has been licensed to CBS Television, The Tonight Show with Jimmy Fallon, various book and magazine covers, newspapers, directories, brochures and websites.

In addition to his fine art photography and his drone photography business, Flying Camera Media, Christopher is also the founder of Artists Sunday, a nationwide art movement designed to promote the Sunday after Thanksgiving as an art-shopping holiday, encouraging consumers to shop with local artists and photographers and give something special, unique, and artistic during the holiday season. Communities across the country celebrate Artists Sunday just after Black Friday and Small Business Saturday.

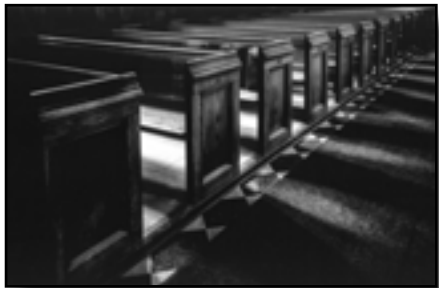

Christopher's fine art photography is available for home and office from his website. Please give him a follow on social media at: Instagram, Facebook, and Twitter for a unique look at Iowa and the world.

TIPS FOR ENTERING

SUPERINTENDENT’S COMMENTS

It is NOT the judges’ responsibility to pick out your best baby, people, dog, cat, bird, frog, flower, barn, building, landscape, or sunset photo. Photographers need to *pre-judge* their own work and submit only their *best* photo of each subject matter. The entry rules clearly state that the *same* photo or *similar* photo CANNOT be entered in *multiple* classes. Photos that are the *same* or *similar* will be *rejected*.

This entry rule was created to help increase NOT decrease your chances of getting in the show. During the first round of thirteen rounds of judging, *all* four of your photos are lined up together in front of the judges. To increase your chances of being exhibited, your photos should be of entirely different subjects. Another huge mistake is trying to copy or duplicate the ideas of other photographers or previous award winner.

TIPS FOR ENTERING

- Show us the world as we have *never* seen it before!
- Composition! Composition! Composition!
- Learn the Rule of Thirds. Do NOT always put your main subject in the center.
- What is your main subject? If the judges CANNOT tell, it is out of the show.
- Is your main subject in focus? If it is out of focus, it is out of the show.
- Watch for background distractions. Look carefully around your main subject before taking your photo.
- Do NOT always have your main subject (people, dogs, cats, etc.) stare directly into the camera.
- Do NOT copy or duplicate the *ideas* of other photographers or previous award winners.
- Do NOT submit photos that are similar in nature. Enter photos with different subject matters.
- Do NOT keep taking photos of the same old landmarks. The judges have seen them before.
- Do NOT keep entering the same old classes every year. Challenge yourself!
- Do NOT fall in love with your photograph!
- The judges know absolutely nothing about your photo and the story behind it.
- The judges are looking for photographs NOT snapshots!
- The judges are looking for photographs NOT vacation photos!
- The judges do NOT like to see photographs that are too staged or set up.
- The judges CANNOT see your photo for all the hot pink, red, orange, purple, and velvet mats.
- The judges CANNOT judge what they CANNOT see. Your photos should be at least 8” x 10” or larger.
- Your goal is to make at least one of the three judges wish that they were the photographer. Dang Factor!
- Change your angle of view. See the world from a different viewpoint. Get off your feet!
- Change your lens. See the world from a different perspective. Take off your favorite lens!
- Image quality is lost if you always crop in Photoshop. Get closer. Crop tighter. Crop with your lens!
- If your horizon is NOT level, it is NOT in the show. Buy a grid screen or use the feature on your camera.
- Buy a vertical grip or rotate your camera to fit your subject. Do NOT suffer from horizontal’s disease!
- Buy a circular polarizing filter for your lens. Learn how and when to use it.
- Do NOT over-sharpen or over-saturate your images!
- Color calibrate your monitor at least once a month!
- Black & White photos should be Black & White NOT Black & Blue.
- Use a good photo lab or make sure you have a high quality home printer. Print quality is everything!
- Learn how to see the light. Photography is all about the light!
- Learn about film speeds, shutter speeds, and apertures.
- Learn how to control your depth of field by changing your aperture.
- Learn about the light metering patterns inside your camera and how to use them.
- Learn about white balance. Learn how to create a custom white balance inside your camera.
- Learn how to operate your camera. Read the owner’s manual and/or learn about it on YouTube!
- Using the smallest JPG setting means you will get more photos on your card and less photos in the fair.
- Run film/pixels through your camera. The more you shoot the better you will get!
- Give yourself assignments. Spend a day, a week, or a month shooting for just one class.
- Take a class or join a local camera club!

2022 THEME CLASS

The Open Road

"My life is shaped by the urgent need to wander and observe, and my camera is my passport."
— Steve McCurry

With everything that has happened this past year, it is safe to say that we are all ready to go out and explore the world again. Well, next year's theme should be a great excuse to get out to do just that.

Did you know that there are 4.18 million roads in America? So it's fitting that the theme for next year will be **The Open Road**. The challenge to this theme will be to show us the world, not as we may see it as we are driving down the road, but to show us the story that road can lead us to around it. Your assignment will be to get out of the car and explore the surroundings of the open road before you. Where does the road lead to? How does the road shape the surrounding area? Is this a well traveled road that people have traveled themselves? And if so, how do you photograph it to show us the road as if we have never seen it before?

The challenge here will be to look at the angles. Don't just stand in the middle of the road and take your photo, look for a perspective that will show us how the road plays an important part is the role of the everyday life around it. However, remember the road must be the main subject of the photo!

We look forward to seeing your photographs of The Open Road!

Note: Entry forms for the 2022 Iowa State Fair Photography Salon will be available April 1, 2022 at www.iowastatefair.org
