

1. Start Barn

Children are adorned with work aprons and a Pioneer visor they get to keep as a souvenir. They grab a harvesting basket and head out to the Swine Barn.

2. Swine Barn

Children get a glimpse inside a modern swine barn, while being asked to feed the pigs and count them.

3. Garden

Armed with gardening tools, children plant vegetable seeds in one part of the garden, then harvest ripe veggies from another to sell at the Farmers' Market.

4. Grain Bin

The animals need to be fed and soy diesel needs to be made, so children collect a bag of corn and a bag of soybeans. They put these bags in their basket and proceed to the next area.

5. Apple Orchard

Children pick an apple either from the tree or off the ground and place the apple in their basket.

6. Chicken Coop

Children collect an egg from the hens and place the egg in their basket.

7. Tractor Shed

Children dump their soybeans in the bin and fill their John Deere tractors with soy diesel, then hop on and pedal around the track.

8. Cattle Barn

Children dump their corn to feed the beef cows, on their way along the tractor track. Be sure to look at a modern cattle barn.

9. Sheep Barn

Children learn how wool is used for clothing while collecting a bag of wool for their basket.

10. Dairy Barn

Children get to see the difference between hand milking and placing a milking machine on Bessie. Then they pick up a milk carton for their basket.

11. Farmers' Market

Children take their full baskets and place their goods in corresponding baskets while hanging up their work apron. For their chores, children are given a Little Hands on the Farm dollar to spend at the Grocery Store.

12. Grocery Store

Children can use their Little Hands on the Farm dollar to buy such items as an apple, cereal, milk or ice cream.
