

From concept to completion, Co-Line handles all manufacturing processes for the production of eight durable and easy-to-use Sure-Latch™ products used on residential, commercial and livestock gates worldwide.

Co-Line's commitment to excellence and desire to continually exceed customer expectations and industry standards initiated an important new upgrade to the Sure-Latch™ product line.

All Sure-Latch™ products feature zinc plating. In addition to improving longevity and giving the products a beautiful shine and color to fit any environment, the trivalent clear chromate provides up to 48 hours of salt-spray protection. Co-Line guarantees 100% customer satisfaction with improved quality products, excellent customer service and competitive pricing.

The Co-Line Advantage

- Made in the USA 
- Special paint colors upon request
- Low minimum quantity requirement – order only what you need & keep inventory down
- Same-day shipping on most orders
- Private label & packaging upon request
- In-house fabrication shop available to complete one-of-a-kind orders
