

Terraplex[™]
REVOLUTION DRONES

1,600 ACRES

can cover 1,200 to 1,600 acres per day
complete large-scale spraying or spreading operations quickly

43 MPH

with spray swath width of 45-60 feet
covering a greater width at a faster speed

32 GALLON TANK

330-pound dry tank | 330-pound maximum payload
eliminates the need for multiple specialized machines

360° RADAR

+ Forward LiDAR - engineered for tough terrain access
easily operates in uneven, muddy, or otherwise inaccessible areas

INDUSTRIES BEST

industry-leading warranty

R-32 by Revolution Drones

Benefits for Farmers:

- Reduce Input Losses
- Lower Operating Costs
- Tough Terrain Access
- Multi-role Functionality
- Sustainable Operations

It can accurately spray fertilizers and pesticides while minimizing chemical waste. The drone can easily navigate and operate in uneven, muddy, or otherwise inaccessible areas. This versatility allows you to switch between spraying, spreading, or heavy-lift tasks as needed, all while helping you lower your carbon footprint and optimize resource use.
