I look through it while we're nursing and fantasize about the sweaters I'll make this summer, for my girl to wear next winter. Hopefully making the sweaters will bring me as much pleasure as looking at the pictures of them!0 of 0 people found the following review helpful. Great!By Ogr KnoxWow! I hope to make everything in it, before my great-grandchildren have an opportunity to outgrow them (and if they do, I can just alter the patterns to fit). Everyone should have this in their libraries.
