

## CARMAN LINCOLN RECOMMENDED SERVICES

Lube, Oil And Filter (Up To 5 Qts. Of Semi Synthetic Oil And Filter, Excludes Diesels)

Ford/Mercury Vehicles.....	\$43.95
Lincoln Vehicles .....	\$53.95
Ford/Mercury "The Works" package .....	\$59.95
Lincoln "The Works" package .....	\$69.95
Tire Rotation (Includes 4 Wheel Brake Inspection).....	\$24.95
Engine Air Filter (Excludes Diesels, On Most Models).....	\$44.95
Fuel Filter (Gas Engine).....	\$59.95
Fuel Filter (7.3L Diesel).....	\$89.95
Duel Fuel Filters (6.0L And 6.4L Diesel) .....	\$159.95
Cabin/Pollen Filter.....	\$44.95
Engine Cooling System Service (Includes Up To 2 Gallons Coolant) .....	\$129.95
A/C System Recharge.....	\$119.95
<i>(Includes Up To 8 Ounces Of R134-A Refrigerant And Leak Test)</i>	
Automatic Transmission/Transaxle Fluid Service..... <i>(Most Models)</i>	\$269.95
Transfer Case Fluid Change .....	\$89.95
Front Or Rear Axle Fluid Change Per Axle .....	\$169.95
Motorcraft Silver Series Battery Replacement .....	Installed \$119.95
Motorcraft Tested Tough Series Battery Replacement.....	Installed \$139.95
Battery Terminal And Cable End Cleaning & Protection Service.....	\$39.95
Complete Brake Fluid Service .....	\$119.95
Complete Power Steering Fluid Service.....	\$89.95
Fuel Injection Cleaning Service .....	\$109.95
Air Induction/Throttle Body Cleaning .....	\$109.95
Touch Up Paint .....	\$12.95
Ford Factory Bedliners .....	Installed, Starting At \$299.95
Ford Factory Remote Start Systems.....	Starting At \$595.00
Full Interior And Exterior Detailing .....	Cars Starting At \$179.95
	Trucks & SUVs Starting At \$209.95
Headlamp Restoration Service .....	\$69.95

**We have a large selection of accessories & apparel in our parts boutique.**

**We always offer FREE battery tests on vehicles.**

**We always offer a LOW PRICE GUARANTEE on name brand tires.**

*\* Prices subject to change without notice.*

## BG FLUID EXCHANGE SERVICES

### BG TRANSMISSION FLUID EXCHANGE SERVICE

Our state-of-the-art machine will remove harmful deposits from critical transmission components by cleansing while flushing the transmission filter, screens, valve body and torque converter. Contaminated fluid will be removed and replaced with new transmission fluid. You will experience that "like new" feeling again with miles of trouble-free operation. Recommended at 60,000 miles.

### BG COOLING SYSTEM FLUID EXCHANGE SERVICE

Using specialized equipment, we will thoroughly flush and clean the components of your cooling system, including radiator, heater core and block. New coolant is added and treated with conditioner that will protect your cooling system to -34°. Also protects against the formation of rust, corrosion, and pitting. Recommended at 60,000 miles.

### BG BRAKE FLUID EXCHANGE SERVICE

Today's Anti lock Braking Systems are extremely sensitive to fluid deterioration. These deposits can contribute to serious malfunctions of the braking system. A patented machine is used to remove all oxidized and corrosive fluid from the entire hydraulic brake system. The entire brake system is inspected for leaks, worn parts and rusted or broken bleeder valves. The system is then replenished with Ultra-Dry BG High-Temp formula brake fluid, which is proven to prevent corrosion. Ask your service advisor for details. Recommended at 60,000 miles.

### BG POWER STEERING FLUID EXCHANGE SERVICE

Because your power steering fluid breaks down with continued use, we recommend you utilize the most innovative power steering flush system. This will effectively flush old oxidized fluid from the system and replacing it with new and conditioned power steering fluid. This will provide you with a prolonged problem-free power steering system. Recommended at 75,000 miles.

### BG THROTTLE BODY SERVICE (WITH ADDITIVE & CLEANER)

Using specialized equipment our technicians will quickly and effectively clean and service your throttle plate and air idle control valve by removing built up deposits. These deposits cause rough idle, surging, and poor throttle response. This service will restore lost power and performance and will reduce harmful exhaust emissions. Recommended at 15,000 miles.

### BG FRONT/REAR DIFFERENTIAL SERVICE

The BG Differential Service guarantees the smooth, quiet operation of axles, transfer cases, and gears for front-wheel-drive transmissions, all rear-wheel drives, and all four-wheel drive transmissions. A skilled technician will completely service your differential and/or transfer case by removing old contaminated fluid and installing fresh new fluid. This service will extend gear life, offer superior lubrication and increase gas mileage. Recommended at 90,000 miles.

### BG 44K FUEL SYSTEM CLEANING ADDITIVE

BG 44K® is formulated to safely and rapidly clean the entire fuel system, including fuel injectors, intake valves, ports, fuel filters and combustion chambers. BG 44K® reduces problems caused by deposit buildup such as engine surge, stalling, stumble, hesitation and power loss. BG 44K® technology has been proven to increase combustion quality and power output. BG 44K® will provide quick cleanup of coked fuel injectors and corrosive deposits on the Fuel Sending Unit. It is compatible with all fuel system materials, alcohol-blended fuels and common fuel additives.

193 South Dupont Highway • New Castle, Delaware

Monday 7:30AM - 6:00PM

Tuesday 7:30AM - 6:00PM

Wednesday 7:30AM - 8:00PM

Thursday 7:30AM - 6:00PM

Friday 7:30AM - 6:00PM

Saturday 8:00AM - 3:00PM

Sunday Closed

## MAINTENANCE GUIDE

©MENUS BY SIEGEL DISTRIBUTING CO., INC.  
(610) 395-2738 - NEW - 06/19

# DEALER RECOMMENDED SERVICES

## Initial 7,500 MILE SERVICE

Also due at 22,500/ 37,500/ 52,500/ 67,500/ 82,500/ 97,500

With Carman's New Car Purchase Discount

- Change engine oil and replace oil filter
- Perform multi-point inspection (recommended)
- Rotate tires, inspect tires for wear & measure tread depth
- Inspect wheels for end play and noise
- Install BG MOA

**\$84.95**

## 15,000 MILE SERVICE

Also due at 45,000/75,000/105,000

- The Works / Change engine oil and replace oil filter (5qts., \$3.00/add'l quart)
- Inspect cabin air filter (if equipped)
- Inspect engine air filter (if equipped)
- Inspect wiper blades
- Inspect steering linkage, suspension, if equipped, driveshaft & U-joints
- Inspect engine cooling system and hoses
- Inspect brake pads, shoes, rotors, drums, brake lines and hoses and parking brake system
- Inspect half shaft boots (if equipped)
- Inspect exhaust system and heat shields
- Inspect automatic transmission fluid level (if equipped with an underhood dipstick)
- Perform multi-point inspection (recommended)
- Rotate tires, inspect tires for wear & measure tread depth
- Inspect wheels for end play and noise
- Install BG MOA

**\$159.95**

At 105,000 Miles (SEE ADVISOR):

- Replace PCV Valve (Except 3V engines)

## Additional Dealer Recommended Services Between 15k & 100K based on Service History

BG TRANSMISSION FLUID EXCHANGE SERVICE

BG COOLING SYSTEM FLUID EXCHANGE SERVICE

BG BRAKE FLUID EXCHANGE SERVICE

BG FRONT/REAR DIFFERENTIAL SERVICE

## 30,000 MILE SERVICE Also due at 60,000/90,000

- The Works / Change engine oil and replace oil filter (5qts., \$3.00/add'l quart)
- Replace cabin air filter (if equipped) with Aura Pura air freshener
- Replace climate-controlled seat filter (if equipped)
- Replace engine air filter (except Focus with PZEV engine)
- Replace fuel filter (except Edge, Fusion, Milan, MKX, MKZ, Sable, Taurus & Taurus X)
- Inspect steering linkage, suspension and, if equipped, driveshaft and U-joints
- Inspect engine cooling system and hoses
- Inspect brake pads, shoes, rotors, drums, brake lines and hoses and parking brake system
- Inspect half shaft boots (if equipped)
- Inspect exhaust system and heat shields
- Inspect transmission fluid level (if equipped with an underhood dipstick)
- Perform alignment
- Perform balance
- Perform multi-point inspection (recommended)
- Rotate tires, inspect tires for wear & measure tread depth
- Inspect wheels for end play and noise
- Install BG MOA

**\$399.95**

At 60,000 Miles (SEE ADVISOR):

- Change automatic transmission fluid on vehicles equipped with 4F27E
- Perform Transaxle Service

At 90,000 Miles (SEE ADVISOR):

- Replace spark plugs

## Additional Dealer Recommended Services Between 15k & 100K based on Service History

BG POWER STEERING FLUID EXCHANGE SERVICE

BG THROTTLE BODY SERVICE (WITH ADDITIVE & CLEANER)
