### QUALIFICATION

To be eligible for admission into the Qatar Arabian Stud Book, a Stallion, Mare or Foal must trace in all lines of its pedigree, either to horses previously registered in the Qatar Arabian Stud Book, or, in the case of imported horses, to animals listed in the accepted stud books of the WAHO definition, at the time of purchase.

### THE WAHO DEFINITION FOR A PUREBRED ARABIAN HORSE:

**A purebred Arabian horse is one which appears in any purebred Arabian Stud Book or Register listed by WAHO as acceptable.**

### IMPORTANT NOTES REFERRING TO QATAR ARABIAN STUD BOOK VOLUME 1

- The registration for the mare KHOLoud #0020 was canceled after a parentage verification test proved to be unsatisfactory.
- The registration for the stallion BARABINSK #0108 was canceled as the horse was never domiciled in the State of Qatar.

Breeders and Owners are requested to examine the entries of their mares and produce and to notify the Registration Department of any errors in order that these may be corrected.

The Qatar Arabian Stud Book Volume 3 was compiled for The Racing and Equestrian Club by Kees Mol.

## INTRODUCTION

This is the third volume of the Qatar Arabian Stud Book. The State of Qatar was accepted as a full member of the World Arabian Horse Organisation (WAHO) in 1989. Volume 1 contained the entries for 131 horses, volume 2 for 267 and there are 652 horses entered in this volume. This brings the total number of registered Arabian horses in the State of Qatar at the end of 1995 to 1050.

Following the WAHO recommendations all foals born in Qatar are blood typed and parentage verified. All horses registered in the Stud Book are issued with an equine passport. The registration office is on line with the World Arabian Horse Database, which means that any pedigree information world wide is readily available to the people of Qatar.

It is the intention of the Qatar Arabian Horse Registry to have this stud book followed by three supplements, one in 1997 for 1996, one in 1998 for 1997 and one in 1999 for 1998. In the year 2000 the next stud book, volume 4 will be published.

The Racing and Equestrian Club, responsible for the Qatar Arabian Horse Registry owes much gratitude to the many owners of horses and in particular the following members of the Ruling Family for their continuous support for the Arabian horse.
