ROCK STAR (SB SPL)

ROCK STAR has been specially designed for equipment being used both on the road and on steel rails. ROCK STAR is a 32-ply-rated tire for outstanding load capacity. The unique tread compound provides superior cut and chip resistance and steel belts stand for durability.

	Tire size	Type	PR	LI/SS	Version	O.W. (mm)	O.D. (mm)	SLR (mm)	RC (mm)	RIM	
										Rec.	Alt.
Ø 24"	14.00 - 24	TL	32	-	SB SPL	390	1425	-	-	10.00 WA	10.00 VA

SB SPL: Steel Belted Special

Tolerances: O.D. $\pm 2\%$ - O.W. $\pm 2\%$ - RC $\pm 2.5\%$ - LI/SS = Load Index / Speed Symbol; O.W. = Overall Width; O.D. = Overall Diameter; SLR = Static Loaded Radius; RC = Rolling Circumference
