GROWING TOGETHER

# STEER GRIP

PRODUCT DATA SHEET

Bias

# STEER GRIP

STEER GRIP is the perfect steering-axle fitment for on/off trucks. The wide central rib with straight lugs makes the tire suitable for free rolling applications and provides enhanced grip for excellent performance on both wet and dry conditions off the road. The special tread compound has been designed for combining best wear resistance with cut-and-chip resistance whereas the strong casing ensures an extended tire life-cycle.
