- 1. a) immediate left of P
- 2. b) immediate right of P
- 3. c) second to right of P
- 4. d) second to left of P
- 5. e) three places from P

Ans: b

Solution:

- P, Q, R, S, T and U are facing North.
- F, G, H, I, J and K are facing South.
- 1) P is third from the left end.
- 2) J is to the immediate left of person facing P.

1: Right		Left
Left	P	Right

- 3) S and Q are immediate neighbour of each other.
- 4) Q is to the right of S and S is not at any extreme end.
- 5) I is facing Q.

So we have two possibilities.

6) One person is sitting between H and J. So we get following possibilities.

- 7) Neither G nor K is at any extreme end.
- 8) K is not facing P.
- **3** | Page

Here possibility 3.a.2 is getting eliminated.

9) R is seating at extreme end.

10) Neither T nor U is at extreme end.

11) U in not facing J.

Hence T is immediate right of P.
