

CORNARO GREEN ATTITUDE

*Dear guests, our hotel concept focuses
on happiness and well-being,*

not only on an individual level but by being conscious of the environment. Please be informed that we are using sustainable cosmetics & recycled packaging, returning empty packages to the selected suppliers in order to be recycled. Thank you in advance for leaving empty packages on the shelf so our housekeeping team can make further selections. The hotel recycles and donates used hotel soaps. Taking care of the environment is everyone's business, let's help preserve it!

BECAUSE SMALL DETAILS MAKE THE DIFFERENCE.
