Barely on the road and the BMW 3 Series Sedan is already leaving everything behind it, including conventions and expectations. Once again the icon displays how to reinvent itself. After all, with the pioneering design language, it stands for the dawning of a new era. Propelling the ultimate sports sedan are even more powerful and efficient engines. And a new force – simply say “Hey BMW” and the all-new BMW 3 Series recognises your voice and heeds your every word.

M340i xDrive Sedan
The new BMW 3 Series has always been the leader. Through the new design language, the sports sedan is connecting the successful history with the future. An appearance that meets the wish for the ultimate driving machine with every detail.

Discover the future of driving with the BMW intelligent Personal Assistant - to get started, just say "Hey BMW".

With a wider stance and tightened suspension, the BMW 3 Series Sedan delivers impressive driving dynamics in every turn.

The combination of an electric motor and the TwinPower Turbo petrol engine in the BMW 330e Plug-in Hybrid.

The BMW 3 has the latest generation of connectivity, such as the BMW Operating System 7.0. This allows for both speech and gesture controls, and creates an experience that is seamless and effortless.

REVERSING ASSISTANT

Park confidently with a reversing camera, Front and Rear Park Distance Control, Parking Assistant, and BMW’s new Reversing Assist function, which remembers the last 50m of your journey and automatically.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using PARK NOW. The term is three years.

CONNECTED PACKAGE PROFESSIONAL

Concierge Service, Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situations with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using PARK NOW. The term is three years.

THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features touch-capable, high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services.

12
Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW’s intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.
BEST OF BOTH WORLDS: THE BMW PLUG-IN HYBRIDS.

A plug-in hybrid is propelled by both an electric motor and a combustion engine, thus combining the best of both worlds. In this way, the combustion engine can be employed on motorways and the electric motor can take over in built-up areas. It ensures that both technologies are used to maximum efficiency. As is the case with an electric car, the battery can be supplied with power and charged from a socket. The interplay of the BMW eDrive propulsion concept also inspires with its impressive dynamics.

Thanks to its combination of electric motor, lithium-ion high-performance battery and intelligent energy management it provides an inspiringly agile driving experience and breath-taking acceleration. When driven purely electrically, it is completely free of local emissions.

EXPLORE ELECTROMOBILITY

HOME CHARGING

CHARGING CABLE

The standard charging cable with a 2.3 kW capacity is often supplied as standard with your electrified BMW. Five metres in length, it generally ensures access to a domestic socket.

BMW WALL BOX PLUS

A filling station for the home. The permanently installed BMW Wallbox Plus charges a BMW quickly, reliably and conveniently with 22kW. Apart from its space saving, compact dimensions in the BMW design, The BMW Wallbox Plus also provides convenient cable management.

FIND OUT MORE
MY BMW APP
STAY IN THE DRIVER'S SEAT, WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you’re in your vehicle or not.

- **Remote control**
  Lock and unlock your BMW from wherever you are.

- **Location location location**
  Access your car’s location remotely and send locations to your car’s GPS, so you’re always ready for the journey.

- **Driving conditions**
  Set the temperature of your car remotely for the perfect climate the moment you open the door.

- **Great service**
  Let your BMW tell you when it’s time for a service, then schedule it with just a touch.

- **It’s personal**
  It’s MyBMW, after all. Enter your BMW’s colour palette, and the app design follows suit.
SUSTAINABILITY AT BMW

ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow ‘electric highway’ - 100 fast-charging stations from Kaitaia to Invercargill.
- BMWGroup considers sustainability a fundamental aspect of its past, present, and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO₂ emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.
THE 3 PACKAGES
INNOVATIONS PACKAGE

- **M Sport Brakes (2NH)**, Painted in blue with ‘M’ designation.
- **M Seat Belts (4GQ)**, Safety belts front and rear in black with M-Specific stripes.
- **Ambient Light (4UR)**
  Comprises 11 pre-defined selectable light designs in 6 colours (orange, green, blue, lilac, bronze and white). Also includes light carpet that projects an ambient light design onto the left and right entering and exiting area.
- **Glass Sunroof (403)**
  With electrically operated glass roof and headliner and integrated wind deflector.
- **Sun Protection Glazing (420)**
  Prevents the interior from heating up when exposed to direct sunlight. The darker glazing behind the B-pillars absorbs more sunlight. The tinted glazing does not hinder outward visibility, but offers more privacy in the rear.
- **M Rear Spoiler (754)**
  M340i xDrive Only:
  - **Paint (Non-Metallic and Metallic)**
