Industrial Registrations

The design of this device is the property of Mundo Reader, S.L., and it has been registered at the OHIM.

Safety Precautions

Use your device responsibly. Before using it, read the following safety precautions:

To prevent any damage to the hearing, do not listen to high volume audio for prolonged periods.

- Always devote your full attention to the road while driving and respect the local regulations and laws on the use of wireless devices while at the wheel ①.
- Using or handling a device whilst driving a land motor vehicle is strictly prohibited, even with a hands-free kit.
- Keep the device away from fire and sources of heat (e.g. stoves, microwaves, kitchens, heaters, radiators or candles).
- Do not use the device in a hospital or in the vicinity of any medical equipment that may be susceptible to radio frequency interference.
- If you regularly use medical equipment, make sure it is protected against radio frequency interference.
- Do not use your device in the vicinity of electronic medical implants (cardiac pacemakers, insulin pumps, neuro-stimulators...) if possible, avoid using it at a distance of less than 15 cm away from such implants as the device could affect their operation. When making calls, place the device on the opposite side to the implant ①.¹
- Avoid placing the device close to the abdomen or lower abdomen, especially in the case of pregnant or adolescent females ①.
- Flight mode. Use of Bluetooth and Wi-Fi functions may be prohibited on aeroplanes and in other places where radio transmissions are not permitted. Ask for permission before enabling the Bluetooth or Wi-Fi functions.
- Do not use the device in refuelling areas (e.g. petrol stations), underground parking zones or in the vicinity of flammable and/or explosive chemical products ①.
- Using the accessory (hands-free kit) may limit the exposure of the head to radio waves during phone calls.¹
- Using the device in an area with good reception will reduce the level of radiation received. To monitor the reception levels, check the coverage on screen via the icon ▲.¹
- Wi-Fi (WLAN). This device can be used in all European countries and Russia. The frequency interval of between 5,150 Mhz and 5,350 Mhz is limited to indoor use. See the Wi-Fi bands of your device in the product specifications.
- Replacing the battery with one that has not been approved by the manufacturer may cause it to explode.

Warranty

Mundo Reader, S.L. (hereinafter, "Mundo Reader") provides this Warranty, subject to the warranty legislation of the country in which the product is sold, to the buyers of the BQ products included in the sales package (hereinafter, the "Product").

Mundo Reader guarantees that, for the duration of the Warranty Period, Mundo Reader (or a service agent authorised by Mundo Reader) shall correct, at no cost and

1. Warning only applicable to devices with data transmission.

in a commercially reasonable period of time, any material, design or manufacturing defects by repairing or replacing the Product.

This Warranty shall only be considered valid and effective in the country in which the Product was acquired, provided that Mundo Reader intended for the Product to be sold in the said country; however, if the Product was acquired in a Member State of the European Union, Iceland, Norway, Switzerland or Turkey, and if Mundo Reader originally intended for the Product to be sold in one of these countries, this Warranty shall be considered valid and effective in all of the aforementioned countries.

This warranty does not affect your rights under the legislation applicable in the country the Product was purchased, as long as Mundo Reader intended for the Product to be sold in that country.

For more information visit www.bq.com/warranty.

Warranty Period

The Warranty Period is of twenty-four (24) months starting from the purchase by the first end user. In the extent to which it is permissible under the laws of the purchaser's country, the Warranty Period shall not be extended, renewed or otherwise modified following the subsequent resale, repair or replacement of the Product by Mundo Reader. However, any parts that are repaired or replaced during the Warranty Period shall be guaranteed for either the remainder of the original Warranty Period or for a period of six (6) months from the date of repair/replacement, whichever is the greater.

Technical Support

If you have any issues with your BQ product, or if you have any queries and you want to contact our technical support team, you can do so via:

Disposing of this Product Correctly

(Electrical and electronic waste).

(Applies within the European Union and in European countries with selective waste collection systems).

The presence of this symbol on the product or on its accessories or informative material means that at the end of their useful lives neither the product nor its electronic accessories (charger, cables, etc.) should be disposed of together with other domestic waste.

To prevent any damage to the environment or human health, separate these products from other types of waste and recycle them correctly. This promotes the sustainable reuse of material resources and prevents the depletion of finite resources.

Household users should contact the retailer that they purchased the product from or the relevant local authorities to find out how and where to recycle this product safely and without harming the environment.

Business users should contact their supplier and consult the terms and conditions of the purchase agreement. This product and its electronic accessories should not be disposed of with other waste materials such as the box and non-electronic materials.
