ABOUT BRANDON WILDE

Brandon Wilde is the only Life Plan community (formerly known as a CCRC) in the greater CSRA. Residents take advantage of the full continuum of care which is provided right on campus, making transitioning through different levels of care much less stressful for you and your family—no need for another big move. With more than 30 years of experience in caring for area seniors, Brandon Wilde has been voted Best Senior Living community multiple times. Contact a representative to learn more about the quality of care, safety and security you or your loved one have available to them.
