

Solo Student Rules

- I have flown with an instructor in the previous 14 days.
- I have a current solo endorsement from my primary instructor as well as all other endorsements required for this particular flight.
- I have obtained a standard weather briefing. The winds are within Bravo minimums of 10 knots total wind and 5 knots crosswind, as well as within my personal minimums.
- A Bravo flight instructor is going to be present at my home base airport during the time of my (local) flight.
- I have notified my primary instructor and received approval today for this flight.
- I will conduct only full stop taxi back landings (or go around if needed).
- I will not practice stalls or emergency landings.
- I will be on the ground thirty minutes before sunset.

Before and during each solo flight as a student pilot, I will abide by the above statements.
