

## Rithwik Projects-Work Transformation

Brio migrated the client's email to Google Workspace. The team faced challenges but overcame them to deliver a successful project with benefits such as improved email security, reduced spam, increased productivity, and improved collaboration.

### The challenge

Brio overcame the challenges in this project by working closely with the client, using the appropriate tools and technologies, and being flexible and adaptable. The client was happy with the results of the project and experienced a number of benefits, including improved email security, reduced spam, increased productivity, and improved collaboration.

### The solution

Brio suggested and deployed GWS with Advance spam protection and implemented Chat, Meet, Calendar to boost productivity & collaboration. We Migrated user data and helped client with change Management for thier team to efficiently use Google Workspace. The trainings were extensively given to client as part of change Management.

### The result

The result of the project was a successful migration of the client's email to Google Workspace. Client was glad to have the spam protection and security features of Google Workspace. The client also experienced a number of benefits as a result of the solution, including improved email security, reduced spam, increased productivity and collaboration by using services like Google Meet, Chat etc.

Client was glad to have the spam protection and security features of Google Workspace. The client also experienced a number of benefits as a result of the solution, including improved email security, reduced spam, increased productivity and collaboration by using services like Google Meet, Chat Calendar etc. As for change management Brio worked closely with client to help them adapt to GWS.
