R-Control Decodable Story

The Perfect Tart

Fern is an artist. She can make the perfect lemon curd tart.

First, Fern gets her mixer. Fern plugs in the mixer cord.

Next, Fern puts a stick of butter in the mixer. The mixer stirs the butter for thirty seconds.

Third, Fern gets a carton of eggs. Fern stirs in the eggs and a squirt of yogurt.

Fern starts the mixer. The mixer twirls the batter.

Last, Fern adds the dry items. The mixer turns and turns.

Fern sets the batter pan on the upper rack. She sets a timer so the tart will not burn.

Fern gets on a ladder. She gets a jar of silver wafers.

Fern sets a cluster of wafers on the lemon curd tart.

Fern cuts a sliver of lemon rind. She curls the rind and sets it on the tart.

Fern steps back. The kitchen is dirty . . .

But the cake is perfect!
