Keep clean with a cotton cloth. Remove stains with a moist cloth or with some soapy water (without glycerin!!) or -if necessary- with for example Muscle kitchen cleaner or Cillit Bang Power degreasing cleaner. After this, clean the table well with clean water in order to eliminate all cleaning liquids previously used. However, avoid the surface becoming too wet. End with a dry cloth. Always work in the direction of the grain of the wood. Never use wax, wax containing substances or abrasives.
