

WOODY

DESIGN BY

Geke Lensink / Jesse Visser

DESCRIPTION

This chair features a minimalistic but very detailed design, suitable for residential, office, hospitality and retail use. The Woody has a clear construction with equal attention to the top and the bottom; a pure example of craftsmanship. In addition, the seat and backrest can be upholstered with a padded fabric which gives the chair a classy appearance. The Woody is available in a plain, seat upholstered and fully upholstered version.

MATERIALS

base: solid oak wood

upholstery: welded fabric

CLEANING INSTRUCTIONS

solid oak wood:

Keep clean with a cotton cloth. Remove stains with a moist cloth or with some soapy water (without glycerin!!) or -if necessary- with for example Muscle kitchen cleaner or Cillit Bang Power degreasing cleaner. After this, clean the table well with clean water in order to eliminate all cleaning liquids previously used. However, avoid the surface becoming too wet. End with a dry cloth. Always work in the direction of the grain of the wood. Never use wax, wax containing substances or abrasives.

atlantic fabric:

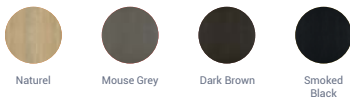

Regular gentle vacuum cleaning helps to preserve the fabric's attractive colour and appearance.

Dry wet spots with a piece of white kitchen roll. Scrape up dry, attached spots with a spoon. Most spots can be removed with lukewarm water possibly added a neutral detergent.

NOTE

"Create your own" and download at our 3D configurator.
