* Influencers are paid according to their qualified leadership level determined at the close of each weekly pay period running Saturday at 12:01am to Friday midnight CST. The commission payout date is exactly two weeks following the Friday closeout of each weekly pay period. For example, if John Doe met the qualifications for Lyfer 800 on Friday the 1st, during a calendar month that had 4 Fridays, John would then get paid \$200 on Friday the 15th.

Recognition Pins:

Lifestyle Dollars (Influencer-Only Incentive)

Earning: A direct compensation of \$100 Lifestyle Dollars will be given to the sponsoring Influencer of every Bryte Lyfe Membership enrolled. In order to receive the Lifestyle Dollar Rewards, the sponsoring Influencer must be current on their \$19.99 Subscription (or within 28-day “grace period”). If a Membership was enrolled as a referral of another Member (who is not also an Influencer), the Lifestyle Dollars will then be awarded to the nearest upline (by sponsorship lineage) Influencer. All Lifestyle Dollars have a 365-day expiration and are redeemed on a first-in first-out basis.

Redeeming: Lifestyle Dollars are redeemed on a reimbursement basis via the normal commissions payout process. ANY PURCHASE within the BryteLyfe App including travel booking and partner companies qualify for Lifestyle Dollar redemption. Travel purchased via the BL booking engine has an auto redeem feature during checkout. All other purchases through partner companies must be submitted for reimbursement via support ticket and include a purchase confirmation screenshot.

Key Terms & Concepts

Personally Enrolled: Any Influencer or Member you personally introduced & enrolled through your Bryte Lyfe portal. They do not have to be positioned first in the tree to be considered Personally Enrolled. They can be anywhere in your left or right team.

ACTIVE: A Membership is considered Active if it is within a Paid or Free Lyfe qualified billing cycle.

PLACED: Every enrollment is initially put into a 72-hour holding tank. This gives the enroller time to manually place them in their right or left team where they choose. After 72 hours the computer will auto-place enrollments to the outside of the leg with the fewest active Bryte Lyfe Memberships. An enrollment is considered Placed after the manual or auto placement process is completed.

PAID: A Membership is considered Paid if it is within a revenue generating billing cycle. Free Lyfe qualified Memberships do not generate revenue and are therefore not considered Paid.

Grace Period: If the subscription payment for a Membership and/or Influencer fails, the Membership and/or Influencer goes into a 28-day “grace period” during which time they are NOT considered Active.

Cancelled: If a Membership or Influencer renewal subscription fails, it falls into a 28 day “grace period” to rectify payment. If the Membership or Influencer subscription is NOT caught up and paid within the 28 day “grace period”, it is considered Cancelled.

- Cancelled Membership’s will have their BucketLyst countdown timer reset
- Binary position is secured with any active Membership and/or Influencer subscription. If both Membership and Influencer subscription hit “Cancelled” status, the position in the binary tree is permanently terminated.
- Cancelled Influencers may immediately sign up again with the same sponsor for a new position in the binary or can sign up with a new sponsor after a 90 day waiting period from time of cancellation.

Free Lyfe: Every 28 day billing cycle that an Active BryteLyfe Member has at least two Active Personally Enrolled Members, they become “Free Lyfe” qualified which eliminates their personal \$179 subscription payment for the following billing cycle.

- Free Lyfe Memberships are considered “Active”, but not “Paid”
- The two Active Personally Enrolled Members can be the same Members each billing cycle
- Both members MUST be enrolled and active 24 hours before your billing date in order to qualify for FREE billing.
