

EIBMED 2019

Investing in a resilient and inclusive future

30 September 2019 | Beirut, Lebanon

SAVE THE DATE!

Programme highlights:

Explore ways to boost resilience and inclusive growth for the Mediterranean region, by:

- enabling key infrastructure for private sector development;
- enhancing connectivity for all economic actors
- supporting innovative businesses to foster sustainable growth and jobs creation;
- diversifying access to finance for innovative companies;
- strengthening the role of entrepreneurs.

For the first time since the EIB MED was launched, selected companies will have the opportunity to pitch their businesses. Online and onsite audiences will determine the winners who will be rewarded at the end of the conference.

Audience: business leaders, decision-makers, government representatives, national and international organisations and financial institutions, start-ups, microfinance companies, research centres and universities, chambers of commerce and business associations.
