## THIS IS COUGAR COUNTRY

- Entering 2024, the Cougars rank **tied for No. 9 in total wins over the past 50 seasons**, winning 431 games. Only Ohio State, Oklahoma, Alabama, Georgia, Michigan, Nebraska, Penn State and Florida State have won more.
- After attending its 40th bowl game, **BYU ranks No. 23 in bowl invitations.**
- The Cougars have also spent 266 weeks in the Associated Press Top 25, ranking **No. 36 overall in college football.**
- BYU boasts **23 total conference championships** in its history, which **ranks No. 16 in college football history.**
- Players at BYU have **won the Heisman Trophy, Maxwell Award, Doak Walker Award, Outland Trophy, Sammy Baugh and Davey O'Brien Awards.**
- BYU has had **14 consensus All-Americans** and touts **seven College Football Hall of Fame members**, including legendary head coach LaVell Edwards.
- **BYU won the 1984 National Championship**, one of just 42 schools to claim a title.

**BYU'S HISTORY.** The establishment of the Brigham Young Academy in 1875 offered an academically stimulating and gospel-oriented education to 29 students. The one-acre school grounds presided over by Karl G. Maeser have since developed into nearly 600 acres and more than 300 buildings. From its inception, the goal of Brigham Young University has been to offer "a new kind of education" for Zion, one based on precepts "revealed by the Lord," as Maeser once remarked. Today, BYU provides an outstanding education in an atmosphere consistent with the standards and principles of its sponsor, The Church of Jesus Christ of Latter-day Saints. The University is widely recognized for its deep commitments to inspired religious values and rigorous intellectual learning.

**BYU MISSION STATEMENT.** The mission of Brigham Young University — founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints — is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued.

All instruction, programs, and services at BYU, including a wide variety of extracurricular experiences, should make their own contribution toward the balanced development of the total person. Such a broadly prepared individual will not only be capable of meeting personal challenge and change but will also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind.

**AIMS OF A BYU EDUCATION.** BYU seeks to develop students of faith, intellect, and character who have the skills and the desire to continue learning and to serve others throughout their lives. These are the common aims of all education at BYU. Both those who teach in the classroom and those who direct activities outside the classroom are responsible for contributing to this complete educational vision. A BYU education should be: Spiritually strengthening, intellectually enlarging, character building and lead to lifelong learning and service.
