

Extra hydraulic kit 1x2-acting, R1/2"

With this kit, you get one more double acting hydraulics.

The pressure is taken from the machine own quick connectors.

The set includes:

- valve block 1x2-acting R1/2", 12VDC (80 l/min, max 210 bar)
- hoses (0,9 m) and connectors
- the set is assembled as shown in the picture

Tighten the connectors before use!
