

This is newly launched Multiplier series. The output current has been upgraded from 1A to 10A which can utilize the cigarette lighter socket in car for connecting to DC power sources. The series allow you to plug up to four devices into your cigarette lighter socket. It is ideal to use various high-energy drained appliances in vehicles such as portable fridge or portable TV and other digital devices.

12VDC Cigarette  
Lighter Socket

Cigarette Lighter  
Plug with 13A Fuse

# MW 10232

## 10A Socket Multiplier

### MW 10230

- Input voltage: 12 V DC
- Output voltage: 12 V DC
- Output current
  - 2 groups of 12VDC/ 10A main sockets
  - 1 12VDC cigarette lighter socket
- LED Indication: Power LED
- Dimension: 90 x 69 x 35mm
- Packing: Individual clamshell blister

### MW 10232

- Input voltage: 12 VDC
- Output voltage: 12 VDC
- Output current
  - 3 groups of 12VDC/ 10A main sockets
  - 1 12VDC cigarette lighter socket
- LED Indication: Power LED
- Dimension: 133 x 73 x 40mm
- Packing: Individual clamshell blister

### MW 10233

- Input voltage: 12 VDC
- Output voltage: 12 VDC
- Output current
  - 2 groups of 12VDC/ 10A main sockets
- LED Indication: Power LED
- Dimension: 65 x 55 x 34mm
- Packing: Individual clamshell blister
